# ABOUT **US**

Sponsoring a non for profit sporting organisation is a great way of giving back to the community, whilst also marketing yourself to the wider community and potential new customers.

The St Albans Gift is a free event to allow for an affordable night out for families. This is always a fantastic day full of entertainment, attracting around 2000 people from the local and surrounding community of which The St Albans Sports Club is proud to be a part of.

Our committee, staff and volunteers would like to thank you for giving St Albans Sports Club the opportunity to promote your business and grow our partnership.
